**Moomba back to full liquids production**

Santos Limited advises that the Moomba processing plant has been returned to full operating capacity for natural gas liquids production following the New Year's Day incident.

The rebuild of the damaged liquids recovery plant section has been completed with the reinstatement of Train-B.

This follows the start-up of Train-A in June.

With both Train-A and Train-B back to normal, the Moomba plant is now operating in full liquids recovery mode for the extraction of natural gas liquids such as LPGs and ethane.

Partial liquids recovery (approximately 70%) had been in operation since Train-A was reinstated in June.

"The reinstatement of Train-B is the final step in returning Moomba to normal operating capacity," Santos' Managing Director, Mr John Ellice-Flint, said today.

"This is a significant achievement and was only possible due to the immense efforts of Santos employees and contractors over the past eight months.

"Santos also appreciates the support that has been provided by our customers, the government and pipe-liners."

## Extension of dates in respect of Resets Buyback

Santos Limited (Santos) today announced that it has extended the following dates, in order to give Santos Reset Convertible Preference Share (*Reset*) holders more time to participate in the on-market buyback and to consider their options under the Resets redemption and buyback.

Resets Redemption and Buyback	New Date	Previous Date
Last date for lodging sell & reinvest elections (Option 2)	23 September 2004	16 September 2004
Closing Date of On-market Buyback	24 September 2004	17 September 2004

All other dates remain unchanged. Investors should refer to the "SUMMARY OF KEY DATES" page at the front of the FUELS Prospectus and Resets Redemption and Buyback Information Booklet for a list of other dates which are relevant to the offer.

## Additional Information

Invitations to invest in FUELS (Franked Unsecured Equity Listed Securities) will be made in the prospectus which was lodged with ASIC on 1 September 2004. Anyone wishing to acquire FUELS will need to complete an application form which will accompany the prospectus. Dates in relation to the FUELS offer and the redemption and buyback of Resets may change without notice. Reset holders and potential investors in FUELS should read the prospectus and information booklet in full. If investors are in any doubt as to how to deal with their Resets they should contact their professional adviser immediately.

If you have any questions about your options please call the Santos Information Line on 1300 733 636.

**EMTK: Microsoft, China Chooses EMTK's CHL Technologies as One of the Top 20 Companies Out of 200 Competitors to Co-Market its "Smart" Phone Services in China. Nokia, China Sells CHL's Mobile Applications in its Nokia Software Market and Nokia Stores.**

E-Mobile Information Technologies, Inc. (OTC Pink Sheets Symbol: EMTK), through its wholly-owned subsidiary CHL Technologies, has been selected as one of the top 20 companies to establish a close partnership with Microsoft to market 3G/smart phone value-added services in China. Microsoft will potentially "pre-embed" CHL Technologies' proprietary mobile publishing applications into Windows-based formats of smart phones manufactured and sold throughout China.

Microsoft has also invited CHL Technologies to become a full member in the wireless sector for its partnership support program. This could also provide the Company a springboard for further penetration of CHL's products and services in the greater Microsoft world.

CHL will sell its Mobile dictionary and Mobile books, for use in the Nokia Series 60 and N-Gage SMART PHONES, to Nokia Software Market maintained by MAPPS. MAPPS acts as Nokia's exclusive agent in the Chinese market.

According to the report, "3G Network Deployments in China" by In-Stat/MDR, in China alone there are about 250 million cell phones in operation with growth expected to reach near 500 million by 2008. In the "Smart Phones Rising: 10 Things You Should Know About This Segment" report by In-Stat/MDR, they indicate that smart phone shipments will experience a 44% Compound Annual Growth Rate over the next five years.

## Business Plan

E-Mobile Information Technologies, Inc. (OTC Pink Sheets Symbol: EMTK), through its wholly-owned subsidiary CHL Technologies, focuses on developing and marketing innovative mobile applications and wireless value-added services, including mobile books, videos, games, security, and auction, for smart phones. The result is that CHL Technologies is ahead of its competitors in ready applications and content for the new smart phone, putting the company in an excellent position to benefit from the explosive growth in the up-and-coming 3G content market. CHL is committed to becoming the leading global wireless entertainment provider.

Negotiations are already underway with major players in this marketplace for CHL Technologies' products and services: 1) **Mobile Video** enables users to view movies, MTV, and music videos. 2) **Mobile Books** provides complete books that can be read on a cell phone anytime, anywhere. 3) **Mobile Home Security** allows users to monitor home, family, and pets remotely 24/7 from their cell phone. 4) **Mobile Auctions** allows users to buy and sell items on an auctions website from their cell phone. 5) **Mobile Education** where you can take practical tests and review results with a teacher in real time. 6) **Mobile Business** allows outside sales force personnel to stay in touch with their company, so they can receive vital real-time sales assistance in closing orders.

2004 will be a crucial year for 3G cellular in China, reports In-Stat/MDR (<http://www.instat.com>). "With over 260 million mobile subscribers and more than 4 million new subscribers added every month in 2003, China is the largest cellular market in the world and a potential hotbed of 3G activities."

With Strategy Analytics' Wireless Internet Applications (WIA) estimating that global revenues from mobile data to grow from \$61 Billion this year to over \$189 Billion by 2009 (with entertainment applications generating \$52 Billion by 2009), and the MII (Chinese Ministry of Information Industry) expecting Euro 102 Billion of 3G investment in China during the next 5 years, the potential growth in this market for mobile content providers like EMTK is promising.

- EMC reports that the Chinese Wireless market is already bigger than the entire U.S. cell phone market and forecasts that its subscriber base will grow by 112% to over 547 million by 2009.
- Smart phone shipments to experience a 44% Compound Annual Growth Rate (CAGR) over the next 5 years.
- Microsoft, China Chooses CHL as One of Top 20 Companies to Co-Market its smart phone services in China.
- Investors have a chance to get in on the ground floor, as EMTK is one of the first U.S. publicly-traded companies to enter the high-growth Chinese Wireless Content Market.

Quotation Agreement

1. Quotation of our additional securities is in ASX's absolute discretion. ASX may quote the securities on any conditions it decides.
2. We warrant the following to ASX.
  - The issue of the securities to be quoted complies with the law and is not for an illegal purpose.
  - There is no reason why those securities should not be granted quotation.
  - An offer of the securities for sale within 12 months after their issue will not require disclosure under section 707(3) or section 1012C(6) of the Corporations Act.
  - Section 724 or section 1016E of the Corporations Act does not apply to any applications received by us in relation to any securities to be quoted and that no-one has any right to return any securities to be quoted under section 737, 738 or 1016F of the Corporations Act at the time that we request that the securities be quoted.
  - We warrant that if confirmation is required under section 1017F of the Corporations Act in relation to the securities to be quoted, it has been provided at the time that we request that the securities be quoted.
  - If we are a trust, we warrant that no person has the right to return the securities to be quoted under section 1019B of the Corporations Act at the time that we request that the securities be quoted.
3. We will indemnify ASX to the fullest extent permitted by law in respect of any claim, action or expense arising from or connected with any breach of the warranties in this agreement.
4. We give ASX the information and documents required by this form. If any information or document not available now, will give it to ASX before quotation of the securities begins. We acknowledge that ASX is relying on the information and documents. We warrant that they are (will be) true and complete.
